

ELECTRIC TECHNOLOGY MANAGEMENT ACT

Act No. 5132, Dec. 30, 1995

Amended by Act No. 5453, Dec. 13, 1997

Act No. 5784, Feb. 5, 1999

Act No. 6673, Mar. 25, 2002

Act No. 7428, Mar. 31, 2005

Act No. 7740, Dec. 23, 2005

Act No. 8852, Feb. 29, 2008

Act No. 9180, Dec. 26, 2008

Act No. 9680, May 21, 2009

Act No. 10911, Jul. 25, 2011

Act No. 11690, Mar. 23, 2013

Act No. 11970, Jul. 30, 2013

Act No. 12305, Jan. 21, 2014

Act No. 13741, Jan. 6, 2016

Act No. 13805, Jan. 19, 2016

Act No. 13860, Jan. 27, 2016

Article 1 (Purpose)

The purpose of this Act is to contribute the development of the national economy and secure the safety of the public by promoting the research and development of electric technology and efficiently utilizing and managing it, so as to improve the level of electric technology and to ensure the appropriate installation of electric facilities.

Article 2 (Definitions)

The terms used in this Act shall be defined as follows: *<Amended by Act No. 9680, May 21, 2009; Act No. 10911, Jul. 25, 2011>*

1. The term "electric technology" means technology concerning the plan, investigation, design, construction and supervision of electric installations prescribed in subparagraph 16 of Article 2 of the Electric Utility Act (hereinafter referred to as "electric facilities") and the maintenance, repair, operation, management, safety, diagnosis and inspection of the completed electric facilities: Provided, That the facilities built up by construction works under the Framework Act on the Construction Industry and a nuclear reactor and its related facilities under the Nuclear Safety Act shall be excluded;

2. The term "electrical engineer" means a holder of technical qualifications in the electricity area pursuant to the National Technical Qualifications Act and a person as prescribed by Presidential Decree as one who has an established level of academic attainments or career;
3. The term "design" means preparing plans, design plans, design specifications, a statement of items of the construction cost and technical calculations concerning the installation and repair works of electric facilities and documents related thereto (hereinafter referred to as "design documents");
4. The term "construction supervision" means that a construction supervision company entrusted with the installation and repair works of electric facilities checks whether they are carried out according to the design documents and other related documents, gives technical directions concerning quality management, construction management, safety management, etc. and exercises the authority of a person who places an order as proxy according to the related statutes;
5. The term "supervisor" means a person employed in a construction supervision company who conducts the affairs of the construction supervision of electric facilities.

Article 3 (Establishment of Basic Plans for Promotion of Electric Technology)

(1) The Minister of Trade, Industry and Energy shall establish a basic plan for the promotion of electric technology (hereinafter referred to as "basic plan") in order to promote the research and development of electric technology and efficiently utilize the outcomes thereof. *<Amended by Act No. 11690, Mar. 23, 2013>*

(2) A basic plan shall include the following matters:

1. The basic goal of the promotion of electric technology and direction of execution thereof;
2. Policies for stimulating the development of electric technology and utilizing such technology;
3. Matters concerning training of electrical engineers and the supply of and demand for them;
4. Matters concerning the adoption of new technology;
5. Matters concerning management of information about electric technology and electric technology standardization;
6. Matters concerning the guidance for and fostering of an institute or organization which conducts research on electric technology;
7. Matters concerning international cooperation in electric technology;
8. Matters concerning financial support for the promotion of electric technology;
9. Other matters concerning the promotion of electric technology.

Article 4 (Fostering, etc. of Research Institutes, etc.)

(1) The Minister of Trade, Industry and Energy shall provide guidance and support to an institute or organization which conducts the research and development of electric technology for the promotion of electric technology. *<Amended by Act No. 11690, Mar. 23, 2013>*

(2) The Government may subsidize an institute or organization under paragraph (1) within budgetary limits.

(3) Necessary matters concerning the scope of an institute or organization under paragraph (1) and the guidance and support therefor shall be prescribed by Presidential Decree.

Article 5 (Selection, etc. of Research Projects)

(1) Where the Minister of Trade, Industry and Energy deems it necessary for the research and development of electric technology, he/she may select a research project concerning electric technology and designate a person who will conduct research thereon. *<Amended by Act No. 11690, Mar. 23, 2013>*

(2) Matters necessary for the selection of a research project, the designation of a person who will conduct research, and the subsidization of research, etc., shall be prescribed by Presidential Decree.

Article 6 (Recommendation for Research and Development of Electric Technology, etc.)

For the research and development and the introduction of new technology, the Minister of Trade, Industry and Energy may recommend that any of the following persons establish and operate an affiliated research institute or make an investment in joint research, information exchange and the development of technology, as prescribed by Presidential Decree: *<Amended by Act No. 11690, Mar. 23, 2013>*

1. A public corporation under the direction and supervision of the Minister of Trade, Industry and Energy, among the public corporations under Article 5 of the Act on the Management of Public Institutions (hereinafter referred to as "public corporations");
2. An association of electrical engineers under Article 18;
3. An organization related to electric technology;
4. An academic organization related to electricity.

Articles 6-2 and 6-3 Deleted. *<by Act No. 13741, Jan. 6, 2016>*

Article 7 (Management, etc. of Electrical Engineering Human Resources)

(1) The Minister of Trade, Industry and Energy may formulate and implement a policy concerning the management and training, etc. of electrical engineers and supervisors if necessary for the efficient utilization of electrical engineering human resources and the improvement of technical capabilities. *<Amended by Act No. 11690, Mar. 23, 2013>*

(2) Necessary matters concerning the management of electrical engineers and supervisors shall be determined by Presidential Decree.

Article 8 (Prohibition of Lending Certificate of Electrical Engineer)

No electrical engineer shall allow any other person to perform any electric technical services under the engineer's name or may lend his/her electrical engineering certificate issued by the Minister of Trade, Industry and Energy to any other person. *<Amended by Act No. 11690, Mar. 23, 2013>*

Article 9 (Standards for Electric Technology)

The standards for electric technology (hereinafter referred to as "technical standards") necessary for the design, supervision, testing, inspection, and management of electric facilities shall be determined by Ordinance of the Ministry of Trade, Industry and Energy. *<Amended by Act No. 11690, Mar. 23, 2013>*

Article 10 (Observance of Technical Standards)

(1) A person who prepares design documents under Article 11 (1) and (2) shall do so in conformity with the technical standards.

(2) A supervisor shall supervise the installation of electric facilities so that they are installed according to the design documents and the technical standards.

Article 11 (Preparation of Design Documents for Electric Facilities)

(1) The design documents for electric facilities shall be prepared by a professional engineer in the field of electricity under the National Technical Qualifications Act: Provided, That this shall not apply to standard design documents prescribed by Ordinance of the Ministry of Trade, Industry and Energy and the design documents to which a new or special construction method is applied. *<Amended by Act No. 11690, Mar. 23, 2013>*

(2) With regard to design documents for the electric facilities equipped with electrical installations for general use provided in subparagraph 18 of Article 2 of the Electric Utility Act and for the electric facilities necessary for performing repair works with no need to increase capacity, among electrical installations for private use prescribed in subparagraph 19 of Article 2 of the same Act, notwithstanding paragraph (1), a person who has obtained a designer license prescribed by Presidential Decree among technical qualification holders under the National Technical Qualifications Act, may prepare those documents. *<Amended by Act No. 9680, May 21, 2009>*

(3) A professional engineer in the field of electricity, a designer and design business entity (referring to a person who has filed for registration of design business under Article 14 (1); hereinafter the same shall apply) who has prepared design documents for electric facilities under paragraphs (1) and (2) shall affix his/her signature and seal to the design documents.

(4) A design document of electric facilities meeting the requirements prescribed by Presidential Decree, among design documents under paragraph (1), shall be subject to design supervision, as prescribed by Presidential Decree: Provided, That this shall not apply if the design document is a standard design document or a design document of repair work with no need to change capacity. *<Amended by Act No. 13860, Jan. 27, 2016>*

(5) An order for the design of electric facilities shall be placed to a design business entity.

(6) No person who has obtained a designer license under paragraph (2) shall allow any other person to prepare design documents for electric facilities under the licenser's name or lend a document verifying his/her designer license issued by the Minister of Trade, Industry and Energy to any other person. *<Amended by Act No. 11690, Mar. 23, 2013>*

(7) The scope of work of a professional engineer in the field electricity and a designer, storage of design documents, the issuance of a designer license, and other necessary matters shall be prescribed by Presidential Decree.

Article 12 (Construction Supervision, etc.)

(1) A person who places an order for the installation and repair of electric facilities (hereinafter referred to as "person who places an order") shall place an order for construction supervision to another person who has filed for registration of construction supervision under Article 14 (1) (hereinafter referred to as "supervision service provider") to ensure and improve the quality of the installation and repair of electric

facilities.

(2) Notwithstanding paragraph (1), an order for construction supervision may not be placed to a supervision service provider in the case of the installation and repair of any of the following electric facilities:

1. Construction of electric facilities executed by the State, local governments public corporations and other agencies or organizations prescribed by Presidential Decree, the supervision of which is performed by a person employed by any of them and to whom a supervisor's pocketbook has been issued in accordance with the standards for the assignment under paragraph (4);

2. Construction of other small-scale or special facilities prescribed by Presidential Decree.

(3) The supervision of construction of electric facilities shall be performed by a person whose qualifications as a supervisor have been verified, as prescribed by Presidential Decree.

(4) The scope of installation or repair works subject to construction supervision under paragraphs (1) through (3), standards for the assignment of supervisors, qualifications of supervisors and verification thereof, issuance of supervisors' qualification certificates and work scope and other necessary matters shall be prescribed by Presidential Decree.

(5) A supervisor who conducts supervision under paragraph (3) shall faithfully perform his/her duties and endeavor to improve the quality of the installation and repair of electric facilities, and shall not conduct any act impairing his/her dignity as a supervisor.

(6) No person whose qualifications as a supervisor have been verified under paragraph (3) shall allow any other person to perform supervision of the construction of any electric facilities or lend his/her supervisor certificate issued by the Minister of Trade, Industry and Energy to any other person. *<Amended by Act No. 11690, Mar. 23, 2013>*

(7) Necessary matters concerning the execution of construction supervision under paragraphs (1) and (2) shall be determined by Ordinance of the Ministry of Trade, Industry and Energy. *<Amended by Act No. 11690, Mar. 23, 2013>*

(8) Where the Special Metropolitan City Mayor, a Metropolitan City Mayor, a Special Self-Governing City Mayor, a Do Governor, or a Special Self-Governing Province Governor (hereinafter referred to as the "Mayor/Do Governor") approves plans for housing construction projects under Article 15 (1) of the Housing Act, notwithstanding paragraph (1), he/she shall select a supervision service provider to perform supervision of the construction of electric facilities for the housing construction works (excluding cases where a project proprietor falls under any subparagraph of Article 14-2 (1)) in accordance with the evaluation criteria for project performance capabilities under Article 14-2 (2). *<Amended by Act No. 11970, Jul. 30, 2013, Act No. 13805, Jan. 19, 2016>*

(9) Matters necessary for housing construction works for which the Mayor/Do Governor selects a supervision service provider under paragraph (8) and the scope thereof shall be prescribed by Presidential Decree.

Article 12-2 (Assignment, etc. of Supervisors)

(1) When any of the following persons (hereinafter referred to as "supervision service provider, etc.") intends to perform construction supervision, he/she shall assign supervisors under his/her control before commencing the works pursuant to the standards for the assignment of supervisors determined and publicly announced by the Minister of Trade, Industry and Energy: *<Amended by Act No. 11690, Mar. 23, 2013>*

1. A supervision service provider;
2. A person who has the supervisor under his/her control perform construction supervision under Article 12 (2) 1.

(2) When a supervision service provider, etc. assign a supervisor under his/her control (including cases of change in assignment), he/she shall report assignment status to the Mayor/Do Governor within 30 days. In such case, the supervision service provider shall obtain a confirmation from a person who has placed an order for the construction work. *<Amended by Act No. 13860, Jan. 27, 2016>*

(3) A supervision service provider, etc. shall submit a report on the completion of construction supervision to the Mayor/Do Governor within 30 days when the service of construction supervision performed by him/her has been completed. In such case, the supervision service provider shall obtain a confirmation from a person who has placed an order for the construction work. *<Amended by Act No. 13860, Jan. 27, 2016>*

(4) When the Mayor/Do Governor has received a report on the assignment status of supervisors under paragraph (2) or a report on the completion of construction supervision under paragraph (3), he/she shall keep records of and maintain such facts, and when a supervision service provider, etc. file an application therefor, he/she shall issue a written confirmation on the assignment status of supervisors or a certificate of completion of construction supervision.

(5) Necessary matters concerning the details of a report on the assignment status of supervisors under paragraph (2) or the details of a report on the completion of construction supervision and the methods for submitting such report under paragraph (3), and the issuance, etc. of a written confirmation on the assignment status of supervisors or a certificate of the completion of construction supervision under paragraph (4), shall be prescribed by Ordinance of the Ministry of Trade, Industry and Energy. *<Amended by Act No. 11690, Mar. 23, 2013>*

Article 13 (Supervisors' Order, etc. to Suspend Construction)

(1) Where a constructor executes the installation and repair works of electric facilities in a way not in compliance with design documents and other related documents, a supervisor may issue an order to reconstruct or suspend construction thereof, or take other necessary measures.

(2) A construction business entity that has received an order for reconstruction or construction suspension or directions concerning other necessary measures from a supervisor under paragraph (1) shall comply therewith unless any justifiable ground exists.

(3) Where a supervisor has given an order for reconstruction or construction suspension, or has taken other necessary measures, he/she shall promptly inform a person who places an order, of the construction work

of the matters related thereto.

(4) Where a person who places an order is informed of an order for reconstruction or construction suspension or other necessary measures by a supervisor under paragraph (3), he/she shall promptly take measures necessary therefor.

Article 14 (Registration, etc. of Design Business and Supervision Services)

(1) A person who intends to operate any of the following business shall file for registration of his/her business with the Mayor/Do Governor by type of the business. This shall also apply to cases where he/she intends to modify any registration details:

1. The business of designing electric facilities (hereinafter referred to as "design business");
2. The business of supervising construction of electric facilities (hereinafter referred to as "supervision business").

(2) The type of design business and supervision services, the registration standards and the scope of business by type, and other necessary matters shall be prescribed by Presidential Decree.

(3) No design business entity or supervision service provider whose business has been registered under paragraph (1) shall allow any other person to carry on the design business or supervision services under the name of the business entity him/herself, or may lend his/her certificate of registration to any other person.

(4) Necessary matters concerning procedures for registration and modified registration of the design business and the supervision services shall be determined by Ordinance of the Ministry of Trade, Industry and Energy. *<Amended by Act No. 11690, Mar. 23, 2013>*

(5) The price of design and supervision shall be determined and publicly notified by the Minister of Trade, Industry and Energy. *<Amended by Act No. 11690, Mar. 23, 2013>*

Article 14-2 (Selection, etc. of Design Business Entities and Supervision Service Providers)

(1) Any of the following persons shall prepare and publicly notify an execution plan, as prescribed by Presidential Decree, for a project, the amount of which is not less than the notified amount under Article 4 of the Act on Contracts to Which the State Is a Party, among design and construction supervision services for electric facilities ordered by the said persons:

1. The State;
2. Local governments;
3. Public corporations;
4. Other institutions or organizations prescribed by Presidential Decree.

(2) When any person falling under any subparagraph of paragraph (1) intends to carry out a project published under paragraph (1), he/she shall select a design business entity and a supervision service provider according to technical and management capability, and the evaluation criteria of project performance capabilities prescribed by Presidential Decree.

(3) When any design business entity or any supervision service provider causes damage, due to negligence in performing his/her duties, to the object of the relevant service or any third person in the course of

implementing a design and construction supervision service contract, he/she shall make compensation for such damage. In order to secure such compensation, he/she shall have himself/herself covered by insurance or mutual aid under Article 18-2. In such case, a person who places such order under paragraph (1) shall enter the cost incurred in buying insurance or entering into mutual aid agreements as his/her service costs.

(4) Necessary matters concerning procedures for selecting a design business entity and a supervision service provider under paragraph (2), and the term, kind, object, method, etc. of an insurance or mutual aid under paragraph (3) shall be prescribed by Presidential Decree.

Article 15 (Grounds for Disqualification of Registration)

Any of the following persons shall not be allowed to file for registration of design business or supervision services under Article 14: *<Amended by Act No. 12305, Jan. 21, 2014; Act No. 13860, Jan. 27, 2016>*

1. An incompetent person under the adult guardianship;
2. A person who has been declared bankrupt and has not been reinstated;
3. A person in whose case two years have not elapsed since his/her imprisonment with labor declared by a court for the violation of this Act was completely executed (including cases where the execution was deemed to have been completed) or exempted;
4. A person who is under suspension of the execution of punishment imposed on him/her for the violation of this Act;
5. A person in whose case two years have not elapsed since the registration of his/her design business or supervision services was revoked under Article 16 (excluding cases where the registration was revoked due to the grounds for disqualification under subparagraphs 1 and 2);
6. A juristic person who has an executive officer falling under any of subparagraphs 1 through 5.

Article 16 (Revocation of Registration or Suspension of Business)

Where a design business entity or supervision service provider falls under any of the following subparagraphs, the Mayor/Do Governor may revoke the registration or issue an order to fully or partially suspend the business for a period not exceeding six months, as prescribed by Ordinance of the Ministry of Trade, Industry and Energy: Provided, That where he/she falls under subparagraph 1 or 2, the registration shall be revoked: *<Amended by Act No. 11690, Mar. 23, 2013>*

1. Where he/she has filed for registration by fraud or other improper means;
2. Where one month has passed from the date on which he/she ceased to meet the registration standards under Article 14 (2);
3. Where he/she fails to faithfully perform the design or construction supervision services, thereby posing danger to the public or having the electric facilities installed in a faulty manner;
4. Where he/she falls under any of the grounds for disqualification prescribed in subparagraphs 1 through 4 of Article 15 or where he/she falls under subparagraph 6 of the said Article (in the case of a juristic person, excluding the cases where its representative is replaced within six months);

5. Where he/she lends a certificate of registration to any other person.

Article 16-2 (Transfer, etc. of Design Business and Supervision Services)

(1) When a design business entity or supervision service provider falls under any of the following subparagraphs, he/she shall file a report to the Mayor/Do Governor, as prescribed by Ordinance of the Ministry of Trade, Industry and Energy: *<Amended by Act No. 11690, Mar. 23, 2013>*

1. Where he/she intends to transfer or acquire design business or supervision services;

2. When he/she intends to effect a merger between design business entities or supervision service providers.

(2) When a transfer or acquisition of the design business or the supervision services or a merger between corporations is reported under paragraph (1), the transferee of the design business or supervision services, or the corporation incorporated or surviving the merger shall inherit the status of the transferor, or the design business entity or supervision service provider of the corporation extinguished by the merger.

(3) Article 15 shall apply mutatis mutandis to the successor referred to in paragraph (2).

Article 17 (Reporting on Suspension of Business, etc.)

Where the design business or supervision services are suspended, resumed, or closed, it shall be reported to the Mayor/Do Governor, as prescribed by Ordinance of the Ministry of Trade, Industry and Energy.

<Amended by Act No. 11690, Mar. 23, 2013>

Article 18 (Establishment of Association of Electrical Engineers)

(1) Electrical engineers, etc. may establish an association of electrical engineers (hereinafter referred to as the "Association") after obtaining authorization therefor from the Minister of Trade, Industry and Energy, for the promotion of the research and development of electrical technology, improvement in the quality of electric facilities, maintenance of dignity, improvement of business affairs, and the training and guidance for and management of electrical engineers. *<Amended by Act No. 11690, Mar. 23, 2013>*

(2) The Association shall be a juristic person.

(3) The Association shall be established at the time when it files for registration of such establishment at the location of its main office.

(4) Matters to be included in the articles of association, the method of operation and other necessary matters shall be prescribed by Ordinance of the Ministry of Trade, Industry and Energy. *<Amended by Act No. 11690, Mar. 23, 2013>*

(5) Except as otherwise prescribed in this Act, provisions concerning an incorporated association in the Civil Act shall apply mutatis mutandis to the Association.

Article 18-2 (Mutual Aid Business)

(1) The Association may carry on mutual aid business after obtaining authorization therefor from the Minister of Trade, Industry and Energy to ensure the smooth operation of business related to guarantees, loans, etc. that are necessary for the design business entities and supervision service providers to secure economic independence and to elevate their economic status. *<Amended by Act No. 11690, Mar. 23, 2013>*

(2) Where the Association intends to carry on mutual aid business under paragraph (1), it shall establish mutual-aid rules governing the scope and details of the mutual aid business, mutual aid payouts, mutual aid premiums, etc. and obtain approval therefor from the Minister of Trade, Industry and Energy. The same shall also apply to cases where the Association intends to amend the details of mutual-aid rules.

<Amended by Act No. 11690, Mar. 23, 2013>

Articles 19 through 22 Deleted. *<by Act No. 5784, Feb. 5, 1999>*

Article 23 (Reporting, Inspections, etc.)

(1) Where the Minister of Trade, Industry and Energy or the Mayor/Do Governor deems it necessary to confirm whether the registration standards are satisfied and whether a signature and seal are affixed to drawing documents, he/she may order a design business entity or a supervision service provider to report thereon, or have a relevant public official enter the office or the place of business of the design business entity and the supervision service provider to inspect related documents and facilities, or make inquiries to interested persons. *<Amended by Act No. 11690, Mar. 23, 2013; Act No. 13860, Jan. 27, 2016>*

(2) Where the Minister of Trade, Industry and Energy or the Mayor/Do Governor intends to conduct an inspection (including inquiries; hereafter in this Article the same shall apply) under paragraph (1), he/she shall notify a person subject to the inspection of an inspection schedule including the date and time, purposes, details, etc. of the inspection, by not later than seven days before the inspection: Provided, That this shall not apply to the cases of emergency, or the case where the purposes of an inspection are deemed unachievable due to the destruction of evidence, etc. if a prior notice is given. *<Amended by Act No. 11690, Mar. 23, 2013>*

(3) A public official who enters the relevant office or the place of business and conducts an investigation under paragraph (1) shall carry an identification indicating his/her authority and present it to interested persons. and deliver a document stating his/her name, the date and time, purposes, etc. of the inspection to interested persons at the time of the inspection.

Article 24 (Confidentiality)

No person who conducts design or supervision services according to this Act shall divulge any confidential information he/she has acquired while carrying out his/her duties: Provided, That this shall not apply in any case where the Minister of Trade, Industry and Energy deems this necessary for the development of electric technology. *<Amended by Act No. 11690, Mar. 23, 2013>*

Article 25 (Hearings)

If the Mayor/Do Governor intends to revoke registration pursuant to Article 16, he/she shall hold hearings. *<Amended by Act No. 11690, Mar. 23, 2013; Act No. 13741, Jan. 6, 2016>*

Article 26 (Fees)

Any of the following persons shall pay a fee, as prescribed by Ordinance of the Ministry of Trade, Industry and Energy or Municipal Ordinances of the Special Metropolitan City, Metropolitan Cities, Special Self-Governing Cities, Dos, or Special Self-Governing Provinces: *<Amended by Act No. 11690, Mar. 23, 2013; Act No. 11970, Jul. 30, 2013>*

1. Deleted; <by Act No. 13741, Jan. 6, 2016>

2. A person who intends to obtain a designer license under Article 11 (2);

3. A person who intends to have his/her qualification as a supervisor verified under Article 12 (3);

4. A person who intends to receive a written confirmation on the assignment status of supervisors or a certificate of completion of construction supervision under Article 12-2 (4);

5. A person who intends to file for registration or modify registration of the design business or supervision services under Article 14 (1);

6. A person who intends to report the transfer, acquisition or merger of the design business or supervision services under Article 16-2 (1).

Article 27 (Delegation, etc. of Authority)

(1) The Minister of Trade, Industry and Energy may delegate part of his/her authority under this Act to the Mayor/Do Governor, as prescribed by Presidential Decree. <Amended by Act No. 11690, Mar. 23, 2013>

(2) The Minister of Trade, Industry and Energy or the Mayor/Do Governor may entrust any of the following business under this Act to organizations, as prescribed by Presidential Decree: <Amended by Act No. 11690, Mar. 23, 2013>

1. Education and training for and management of electrical engineers and supervisors under Article 7 (1);

2. Issuance of designer licenses under Article 11 (2);

3. Verification of supervisor's qualifications under Article 12 (3);

4. Receipt of a report on the assignment status of supervisors and a report on the completion of construction supervision, and recording and management thereof and issuance of a written confirmation on the assignment status of supervisors or a certificate of completion of construction supervision under Article 12-2 (4);

5. Receipt of an application to modify registration of design business or supervision services under Article 14 (1) (limited to a modification of technical human resources, such as electrical engineers and supervisors, etc.).

(3) When the Mayor/Do Governor and organizations have dealt with the delegated or entrusted business under paragraphs (1) and (2), they shall report the results thereof to the Minister of Trade, Industry and Energy. <Amended by Act No. 11690, Mar. 23, 2013>

(4) Where a disposition, etc. made by the Mayor/Do Governor or organizations under paragraph (1) or (2) is deemed illegal or unfair, the Minister of Trade, Industry and Energy may order them to cancel or suspend such disposition, etc. <Amended by Act No. 11690, Mar. 23, 2013>

Article 27-2 (Penalty Provisions)

(1) A person who causes danger to the public by incurring serious damage to the major part of electric facilities, such as transmission equipment, power plant, etc. which are prescribed by Presidential Decree during the warranty period under Article 15-2 of the Electrical Construction Business Act, due to design or construction supervision, in violation of Article 10 (1) and (2) shall be punished by imprisonment with

labor for not more than seven years. <Amended by Act No. 12305, Jan. 21, 2014>

(2) A person who inflicts injury on any other person by committing an offense under paragraph (1) shall be punished by imprisonment with labor for a fixed term of not less than one year while any person who causes the death of any other person shall be punished by imprisonment with labor for a limited term of not less than three years.

Article 27-3 (Penalty Provisions)

(1) A person who commits an offense under Article 27-2 (1) due to negligence in performing business affairs shall be punished by imprisonment without labor for not more than three years, or by a fine not exceeding 30 million won.

(2) A person who inflicts injury on any other person committing an offense under Article 27-2 (1) due to negligence in performing business affairs shall be punished by imprisonment without labor for not more than five years, or by a fine not exceeding 50 million won while any person who causes the death of any other person shall be punished by imprisonment without labor for not more than seven years, or by a fine not exceeding 70 million won.

Article 28 (Penalty Provisions)

A person who falls under any of the following subparagraphs shall be punished by imprisonment with labor for not more than two years, or by a fine not exceeding 20 million won:

1. A person who places an order for design service, in violation of Article 11 (5);
2. A person who places an order for construction supervision, in violation of Article 12 (1);
3. A person who fails to comply with a supervisor's reconstruction order or an order to suspend construction or to take other necessary measures under Article 13 (1);
4. A person who has filed for registration of design business or supervision services by fraud or other improper means;
5. A person who performs design business or construction supervision without filing for registration under Article 14 (1);
6. A design business entity or supervision service provider who continues to operate business during the period of business suspension under Article 16;
7. A person who divulges confidential information he/she has acquired in the course of carrying out his/her duties, in violation of Article 24.

Article 29 (Penalty Provisions)

A person who falls under any of the following subparagraphs shall be punished by imprisonment with labor for not more than one year, or by a fine not exceeding ten million won: <Amended by Act No. 12305, Jan. 21, 2014>

1. An electrical engineer and his/her counterpart who violate Article 8;
2. A person who fails to observe the technical standards in conducting design services under Article 10 (1);

3. A person who fails to observe design documents or the technical standards in conducting construction supervision services under Article 10 (2);
4. A person who designs electricity facilities, in violation of Article 11 (1) or (2);
5. A person who fails to receive the design supervision under Article 11 (4);
6. A designer and the other party who violate Article 11 (6);
7. A supervisor and the other party who violate Article 12 (6);
8. A design business entity or supervision service provider and their respective other parties who violate Article 14 (3);
9. A design business entity or supervision service provider who fails to report or makes a false report, in violation of Article 16-2 (1).

Article 29-2 (Joint Penalty Provisions)

- (1) If the representative of a corporation, or an agent or employee of, or other person employed by the corporation or an individual commits any violations under Article 27-2 in conducting the business affairs of the corporation or individual, the corporation or individual shall, in addition to punishing the violator accordingly, be subject to a fine not exceeding 200 million won: Provided, That this shall not apply where such corporation or individual has not been negligent in exercising reasonable care and supervision concerning the relevant business affairs to prevent such violations.
- (2) If the representative of a corporation, or an agent or employee of, or other person employed by the corporation or an individual commits any violations under Article 27-3, 28 or 29 in conducting the business affairs of the corporation or individual, the corporation or individual shall, in addition to punishing the violator accordingly, be subject to a fine under respective provisions: Provided, That this shall not apply where such corporation or individual has not been negligent in exercising reasonable care and supervision concerning the relevant business affairs to prevent such violations.

Article 30 (Administrative Fines)

- (1) A person who falls under any of the following subparagraphs shall be subject to an administrative fine not exceeding two million won:
 1. A person who fails to affix his/her signature and seal to design documents, in violation of Article 11 (3);
 2. A supervision service provider, etc. who fail to assign supervisors, in violation of Article 12-2 (1): Provided, That the State or local governments shall be excluded herefrom;
 3. A person who violates notification duty under Article 13 (3);
 4. Deleted; <by Act No. 13860, Jan. 27, 2016>
 5. A person who fails to report, in violation of Article 23 (1) or files a false report, or who refuses, obstructs or evades the entry, inspection and reply.
- (2) A person who falls under any of the following subparagraphs shall be subject to an administrative fine not exceeding one million won: Provided, That in the case of subparagraphs 1 and 2, the State or local governments shall be excluded: <Amended by Act No. 13860, Jan. 27, 2016>

1. A supervision service provider, etc. who fail to report on the assignment status of supervisors or on changes in assignment under Article 12-2 (2);
 2. A supervision service provider, etc. who fail to submit a report on the completion of construction supervision under Article 12-2 (3);
 3. A person who fails to modify registration of design business or supervision services under Article 14 (1);
 4. A person who fails to report on suspension or resumption of business or closure of business.
- (3) Administrative fines under paragraphs (1) and (2) shall be imposed and collected by the Mayor/Do Governor, as prescribed by Presidential Decree.

Article 31 Deleted. <by Act No. 6673, Mar. 25, 2002>

Article 32 (Legal Fictions as Public Official in Application of Penalty Provisions)

The executive officers and employees of an organization engaged in the entrusted affairs under Article 27 (2) and a supervisor who carries out the affairs under Articles 12 and 13 shall be deemed public officials in applying Articles 129 through 132 of the Criminal Act.

ADDENDA
